

My wife and mother of our children attended the hearings in January, the March for Change on 2/14, and the legislative meetings yesterday (3/13) in Hartford. Our 18 year old daughter who attended the March For Change on 2/14 as well as the hearings yesterday will be there with a group of friends that she has recruited. I am writing to say that Connecticut residents demand change NOW. At a minimum, we are looking for immediate support of Governor Malloy's proposed legislation. We cannot control human behavior but we can limit access to deadly force. Assault weapons do not belong in the hands of civilians - we need to strengthen CT's current ban on assault weapons. Please support an immediate vote on Malloy's proposal (do not delay any longer!) and agree to ban any weapon that has one or more military-style feature and ban magazines with a capacity greater than 10 rounds.

Please contact me with any question.
